Autumn 2017

14th September 2017

ATTENDANCE TARGET:
100%

Dear parent/Carer

A brilliant week! Foundation stage have had a wonderful week of lunchtime experience. It has been a pleasure to see such young children using a knife and fork and socialising so well.

WHOLE SCHOOL

ATTENDANCE FOR THIS WEEK: 98.02%

DRUMMING Each term the children learn African Drumming, led by Steve Cooper and this year it will start on 2nd November for all pupils. This year we will have three 'performance assemblies' and the first will be for Year 2 parents *only* on Friday 30th November at 11:15am. The aim of these sessions is to share learning, have fun and include time for a greater sense of community engagement as well. We look forward to seeing you then.

CLASS ATTENDANCE:
For the week beginning
10th September 2018
attendance was as
follows:

PHOTOS Please remember Monday 17th September is photo day - best smile please.

Flamingo:100%

Moments of loveliness

Parrot:92.5%

Sharing next week: Year 2.

Penguin:100%

Note for new parents: Sharing assembly means that you are welcome to attend an assembly where children will share examples of work and may receive recognition for achievement that week. Outside achievements such as football medals or swimming certificates can also be shared in the week.

Puffin:100%

These assemblies are on a Friday and start sharply at 2:15pm. Little children are welcome but please ensure they have things to occupy them as the time sitting still can be 30 minutes. If this time is too long, and they become restless, please feel free to pop outside for some air.

Robin:93.6%

Wren:100%

Well done all!

BREAKFAST AND AFTERSCHOOL CLUBS Bookings must be made by Friday of the week prior to attendance, via the booking form and post box in the office, including payment.

Hire the hall

Need to organise a children's party? Need some space to run an event? If so, please note that the school hall is available for hire. Prices start at £85 for a three hour slot, but we can arrange bookings for shorter or longer periods to suit your needs. Just call into the office if you are interested.

TOP TECH TIP Please see the attached information sheet on WhatsApp

See you Monday!

Mrs Johnson and the CofE team.

WhatsApp is one of the most popular messaging apps in the world, with more than 1.3 billion people in more than 180 countries using it to send and receive text, photos, videos and documents, as well as make voice and video calls through an Internet or Wi-Fi connection. The free app offers end-to-end encryption, which means that messages can only be read by the sender and the recipient in one-to-one chats, or all members if it is a group chat. Not even WhatsApp can read them.

AGE RESTRICTION
16+

What parents need to know about WhatsApp

AGE LIMIT CHANGE
Since May 2018, the minimum age for using WhatsApp is 16 years old if you live in the European Union, including the UK. Prior to this, the minimum age was 13, which still applies for the rest of the world. WhatsApp has not yet stated whether it will take action against anyone aged between 13 and 16 who already held accounts under the old terms and conditions, such as closing their account or seeking parental permission.

SCAM MESSAGES
Occasionally on WhatsApp, people receive spam messages from unauthorised third parties or from fraudsters pretending to offer prizes to lucky people, encouraging recipients to click on a link to win a prize. A common scam involves messages warning recipients that their WhatsApp subscription has run out with the hope that people are duped into providing their payment details. Other scam messages include instructions to forward the message in return for a reward or gift from WhatsApp or another person.

FAKE NEWS AND HOAXES
WhatsApp has been linked to enabling the spread of dangerous viral rumours. In India, for example, a number of attacks appear to have been sparked by false rumours shared on WhatsApp.

THE 'ONLY ADMIN' FEATURE AND CYBERBULLYING
Cyberbullying is the act of sending threatening or insulting text messages, voice messages, pictures and videos, with the aim to hurt and humiliate the receiver. The group chat and group video call features are great for multiple people to chat simultaneously, but there is the potential for people to hurt others with their comments or jokes. The 'only admin' feature gives the admin of a group the greater control over who can send messages. Whilst this can be good for one-way announcements, the group admin has the power to block somebody from responding to an offensive message in a chat, which could result in a child being upset and unable to reply.

CONNECTING WITH STRANGERS
To start a chat in WhatsApp, you need to know the mobile number of the contact you want to speak to and they also need to have the app downloaded. WhatsApp can find contacts by accessing the address book of a device and recognising which of those contacts are using WhatsApp. If your child has shared their mobile number with someone they don't know, they can use it to get in touch via WhatsApp.

LIVE LOCATION SHARING
WhatsApp's Live Location feature enables users to share their current location in real time to their contacts in a chat, allowing friends to show their movements. The feature, which can be found by pressing the 'attach' button, is described by WhatsApp as a 'simple and secure way to let people know where you are'. Location-sharing is already a common feature on other social apps, including Snapchat's Snap Map and Facebook Messenger and can be a useful way for a child to let loved ones know they are safe. However, if your child is in a group that with people they do not know, they will be exposing their location.

National Online Safety

Top Tips for Parents

CREATE A SAFE PROFILE
Even though somebody would need your child's phone number to add them as a contact, as an extra security measure we suggest altering their profile settings to control who can see their profile picture and status. The options to choose from are 'Everyone', 'My Contacts' and 'Nobody'. We suggest selecting 'My Contacts' or 'Nobody' to ensure their profile is protected.

EXPLAIN HOW TO BLOCK PEOPLE
If your child has received spam or offensive messages, calls or attachments from a contact, they should block them. Messages and status updates sent by a blocked contact will not show up on the phone and will stay undelivered. Blocking someone will not remove this contact from the contact list, they will need to be removed from the phone's address book. To block a contact, your child needs to open the person's chat stream and tap on the settings.

REPORT SCAM MESSAGES
Advise your child not to tap, share or forward any message that looks suspicious or sounds too good to be true. When your child receives a message from an unknown number for the first time, they will be given the option to report the number as spam directly inside the chat. They can also report a contact or a group as spam using the following steps: 1) Open the chat. 2) Tap on the contact or group name to open their profile information. 3) Scroll to the bottom and tap 'Report Spam'.

LEAVE A GROUP
If your child is part of a group chat that makes them feel uncomfortable or has been added to a group they don't want to be part of, use the group's settings to show them how to leave. If someone exits a group, the admin can add them back in once they leave again, they cannot be added again.

USING LIVE LOCATION SAFELY
If your child needs to use the 'Live Location' feature to share with you or a friend, advise them to only share it for the amount of time they need to. WhatsApp gives the options of either 15 minutes, one hour or eight hours. However, your child can choose to stop sharing at any time.

DELETE ACCIDENTAL MESSAGES
If your child has sent a message to the wrong chat or if a message they sent has contained a mistake, they can delete it. To do this, simply tap and hold on the message, choose 'Delete' and then 'Delete for everyone'. The app allows seven minutes to delete the message after it has been sent, but it is important to remember that recipients may have seen and screenshot a message before it was deleted.

SET TIME LIMITS
A 2017 study found that by the age of 14 the average child will have sent more than 33,000 texts, 30,000 WhatsApp messages and racked up more than three solid weeks of video chat. Although it is inevitable that your child will use technology, you can still set boundaries. This is not easy, especially since teens use their devices for both schoolwork and free time, often simultaneously.
